Changes to how you shop

What to look out for

Your local shops have some new rules.

This is to stop the corona virus spreading.

You might have to queue outside.

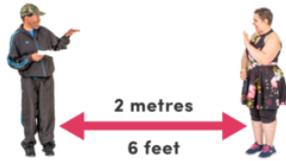

They will only let a few people in at a time.

You have to stay 2 metres away from everyone at all times.

Look for marks on the floor by the till. This tells you where you can stand. It is to stop people standing too close together.

You might see the staff wearing face masks and gloves.

Other people doing their shopping might wear masks too.

If you have a **contactless** bank card, please use it to pay for your shopping.

This saves you from touching anything that might have the virus on it.

A **contactless card** works by putting the card close to the machine.

You don't have to touch the machine with your card or type your PIN number in.

You can now use a contactless card to pay for up to £45 of shopping.

These changes will help keep you safe.

Do not touch your face when out in the shops.

As soon as you get home
Remember to wash your hands for 20 seconds.
